

STAY  
**CONNECTED**  
TO YOUR KIDS  
EVEN WHEN YOU  
CAN'T BE THERE

Real time. Peace of mind.

## Welcome to KidReports!

Founded by parents with the help of child care providers, KidReports is the most complete and revolutionary new communications solution connecting child care providers and parents in real time. Now there's an easier way to stay connected with your kids throughout the day. Get real time notifications from our free mobile app. Know your children are safe, loved, and having fun!

Program is for 6 week olds thru non-potty-trained children.

Please fill out the following information so that we may get you set up. When you receive an email saying WELCOME TO KIDREPORTS, please go through that email link and provide the information asked for. You will then begin receiving the information in the form that you request shortly. Please give us a couple of days upon enrollment to get your account set up. You should receive a paper daily report until that time.
